SUPREME WALK ON BARK

Supreme Walk on Bark is a cost-effective ground cover for the commercial or residential use. Supreme Walk on Bark is a virgin forest product consisting of shredded Douglas Fir bark and bark nuggets.

Supreme Walk on Bark's shreds are screened to 1½" to 2" in length, with ½" – ¾" bark nuggets mixed throughout. Supreme Walk on Bark is ideal for use in planted areas, where its shredded texture helps prevent the mulch from floating or blowing away
